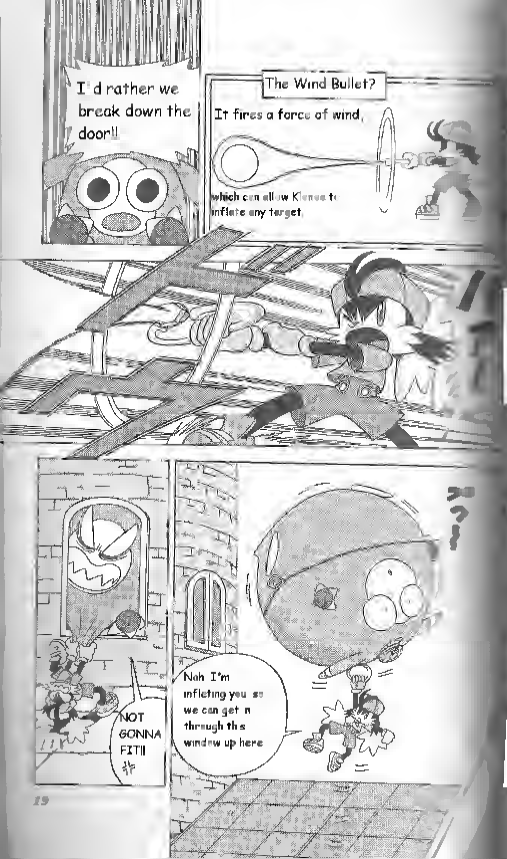
I know nothing about this mailbox!



I'd rather we break down the door!!
The Wind Bullet?
It fires a force of wind,
which can allow Klonoa to inflate any target.
NOT GONNA FIT!!
Nah. I'm inflating you so we can get in through this window up here.

Why the heck... did you leave?!
Sorry for the trouble s
He thinks we've left. This is a perfect opportunity.
Don't you get it?
Well at times like these,
I use my secret weapon
ARGH! He locked it!
